The above said project of CA storage with total capacity of 2476 MT was discussed in detailed in presence of Expert from M/s Global Agri System Pvt. Ltd. New Delhi, who have technically scrutinized the project as per NHB technical standards. It was informed to the Committee that LOI for the project already issued on 04.02.2013 for total capacity of 2476 MT (as per LOI application) with the approval of the competent authority of NHB. The committee ratified the decision of MD, NHB for issuance of LOI. Further, it was noted that promoter has now revised the capacity of CA storage from 2476 to 3255 MT based on re-working of their project since the original DPR was submitted 2 years back. However, company has to submit the revised Basic Data Sheet, Heat Load calculation sheet & layout plan etc. based on revised DPR for C.A storage of 3255 MT. After detailed discussions the committee considered the request of the promoter and it was decided by the committee that enhancement of capacity of C.A storage from 2476 MT to 3255 MT approved subject to the condition of satisfactory comments from the technical expert on the basis of revised basic data sheet and lay out plan etc. and same can be conveyed to the company after taking MD's approval on file. It was also decided to allow expansion/new cold storage on existing unit on the same piece of land due to paucity of land as a policy issue.
