Guidelines for Recognition of Horticulture Nurseries

1.0 BACKGROUND

Availability of true to type, quality planting material is crucial for success of commercial horticulture. This necessitates having a net-work of Horticulture Nurseries which conform to Model Nursery Standards in terms of Infrastructure, Quality of Seed and Planting Materials and adoption of Nursery Management Practices.

State Governments ensure supply of quality planting materials for fruit crops by enactment of Fruit Plant Nursery (Regulation) Act and enforcement of its provisions through licensing of horticulture nurseries. However, all the States have not enacted Horticulture Nursery Acts. As per the information available in report of the working group on Horticulture for the XI Five Year Plan, at present only 8 states have adopted Nursery Act and in 9 states some system of registration/ monitoring exists for nurseries whereas in 13 states there is no nursery act at present. Status of adoption of Nursery Act is given at Annexure I. Further, rules framed under existing acts generally do not provide for Technical Specification for Quality of Planting Material and Process of Production, infrastructure required for production of quality planting material and Good Nursery Management Practices. The Acts in present form also do not deal with planting materials of flowers, ornamental plants, plants and vegetables. Therefore, it has become necessary to find a solution to the problem by putting in place a system of Recognition of Horticulture Nurseries.

National Horticulture Mission has taken initiative to specify the Nursery Standards by specifying Infrastructure required for setting up of Model Horticulture Nursery etc. ICAR has recently come out with technical specification of horticulture planting material and its production procedure in a recently published document titled as "Handbook of seed and planting material testing manual for Horticultural crops". Existing Rules framed under Horticulture Nursery (Regulation) Acts provide for record keeping part for such nurseries. However, each one of them individually does not completely define a Model Horticulture Nursery. Therefore, it is imperative to define a Model Nursery in all the three aspects of Nursery Infrastructure, Production System & Quality Parameters of Planting Material and Good Nursery Management Practices in a comprehensive manner and put a Nursery

Recognition Regime in place. A recognized Model Horticulture Nursery should function as a reliable source of supply of quality planting material for horticulture crops.

With a view to ensure availability of Good Quality planting material as outlined above, NHB has started a system of Recognition of Horticulture Nurseries on voluntary basis.

2.0 SCOPE

2.1 The scope of the scheme is to establish a network of quality nurseries across the country for the purpose of propagation and distribution of quality planting material of specified horticulture crops.

The recognition shall be accorded to the nurseries for:

- a) Production of quality planting material of one or more specified crops by adopting Good Nursery management Practices,
- b) Nursery Premise only where sale of specified quality planting material of recognized source are being carried out by creating necessary infrastructure facilities and proper record keeping.

Note: If different premises are being used for nursery, recognition of all these are required to be obtained separately and individually.

2.2 The recognition shall be accorded to the nurseries for the crops specified in the Document of recognition

2.3 Recognition shall be granted as such or after up gradation as per requirement.

2.4 Nursery Farms licensed under State Act by Competent Authority shall be given Provisional Recognition for a period of one year under the purview of this scheme but their Final Recognition will be subject to assessment by Technical committee.

2.5 Recognition of Nursery with NHB shall be period specific.

3.0 PROCEDURE FOR NURSERY RECOGNITION AND RENEWAL OF RECOGNITION

3.1 The Nursery seeking NHB Recognition shall apply in Form- I to NHB HQ at Gurgaon. Each such application shall be accompanied by lay out of Nursery showing location of infrastructure components and land utilization plan, details of technically qualified staff in the nursery, major farm machineries and operational manual prepared by nursery for

selection and maintenance of mother plants, process followed for production of planting material and management of inventory of planting material. The Nursery shall submit details regarding source of Mother Plants used for propagation of Horticulture plants in prescribed form (FORM- 1) and shall also maintain a register for sale of horticulture plants.

- 3.2 The application form duly completed along with necessary enclosures shall be submitted to NHB, Head Office at Gurgaon
- 3.3 Each application will be considered by NHB based on criteria specified for recognition of nursery.
- 3.4 The recognition of nursery by NHB shall generally be considered product wise/aspect wise as required.
- 3.5 On receipt of the application for recognition, assessment would be done by agency identified by NHB with the help of a Technical Committee.
- 3.6 Agency shall submit its assessment report to NHB along with recommendations.
- 3.7 On the basis of the assessment report NHB shall decide whether to register the nursery with or without up-gradation.
- 3.8 The decision of NHB shall be conveyed to the concerned nursery. In case of recognition, the period of validity of recognition with other terms and condition shall be indicated. In case of any deficiency, the nursery shall be given time frame for compliance; failing which, the application shall be rejected. In case of requirement, additional assessment visits may be undertaken.

4.0 CRITERIA FOR NURSERY ASSESSMENT

The criteria have been aligned with Infrastructural requirement of Model Nursery and Product specific technical requirement and adoption of Good Nursery Practices for propagation of good quality planting material as detailed below:

- a) Product specific criteria to assess for capability and competence of nursery follow technical programme for specific crop as laid down in "Handbook of Seed and Planting Material Testing manual for Horticulture crops" prepared by ICAR.
- b) Prescribed Nursery Management Practices and Adoption of Model layout plan.

4.1 Assessment Criteria : A system of Graded Certification:- It is essentially different from licensing of Horticulture Nurseries under provision of some Act or administrative orders. It is based on continuous evaluation of source of parent material, propagation in disease free condition by adoption of technically prescribed method, adoption of Good Nursery Management Practices, Reliable record keeping and training of staff. Each parameter will be critically examined by assessment team as per laid down criteria. Following grading shall be provided:

Upto 40 marks obtained	0	No Star	Not eligible for Accreditation
41 to 60 marks obtained	*	One Star	Good
61 to 80 marks obtained	**	Two Star	Very Good
81 and above	***	Three Star	Excellent

5.0 PROCEDURE FOR APPLICATION TO HIGHER GRADE

- 5.1 On receipt of an application for recognition, to higher grade from existing lower grade, the application will be considered to register the nursery, for fresh assesment.
- 5.2 On the basis of the report submitted and the recommendations of the pre assessment of the Committee, the Competent Authority will decide on the need to proceed with processing the case of the nursery for up gradation and subsequent recognition or otherwise.

6.0 RENEWAL OF RECOGNITION

- 6.1 The Nursery seeking renewal of recognition shall apply in prescribed form.
- 6.2 The renewal of recognition shall be done based on the satisfactory performance reported as per the surveillance/periodic inspection carried out during the validity period and fresh assessment if felt necessary by NHB.

7.0 PROCESSING FEE

- 7.1 Processing Fee of Rs. 5,000/- (non-refundable) shall be submitted in the form of demand draft payable to NHB, Gurgaon along with the application for recognition.

7.2 In case of renewal of recognition, processing fee of Rs. 3000/- (Non-refundable) shall submitted in the form of demand draft payable to NHB, Gurgaon along with the application for renewal

7.3 Government/ SAUs/ ICAR nurseries shall be exempted from Processing Fee

8.0 ASSESSMENT AND ASSESSMENT COMMITTEE

8.1 NHB shall nominate one Agency to coordinate the process who will take in to consideration assessment report from a Technical Committee, hereinafter referred to as Assessment Committee which may have Representatives from:

- i. State Agriculture University in the State concerned
- ii. Apex Horticulture Institute, NRC or Regional Station of ICAR
- iii. Nursery Men Association
- iv. National Horticulture Board
- v. State Directorate of Horticulture/ Agriculture

The members in the Assessment Committee shall be nominated by NHB in consultation with agencies concerned. Assessment Committee shall conduct pre assessment, final assessment and periodic / surveillance of the nurseries. The committee shall submit report and their recommendations to Agency designated by NHB for this purpose.

9.0 VALIDITY PERIOD OF RECOGNITION

9.1 In case of approval, initially, recognition shall be granted for a period of two year.

9.2 The effective date of recognition shall be considered from the date of issuance of certificate.

10.0 SURVILLANCE / MONITORING

10.1 Surveillance visit shall be carried out at least once in a year or as required depending on the performance of the nursery.

10.2 The designated team shall essentially conduct surveillance visit during validity of recognition.

11 ISSUE OF REGOGNITION CERTIFICATE

11.1 In case, Technical Committee satisfies that the Nursery conforms to the requirements of this recognition, it will recommend for recognition of the nursery. The recognition

shall bear an identification number. Recognized Nursery shall have to sign a MOU with NHB for terms & conditions of recognition.

- 11.2 Any change in the location, layout, design or capacity of the nursery shall be intimated to NHB.
- 11.3 The date of validity of the nursery recognition shall be specified on the recognition certificate
- 11.4 The recognition certificate once issued shall continue to be in force till the date specified in the certificate unless suspended or cancelled at earlier date by Competent Authority. The issuing Authority may institute surprise checks through its officers in order to ensure that the nursery has maintained the standard as required for issue of the recognition certificate.

12.0 REFUSAL/CANCELLATION OF NURSERY REGOGNITION

Issue of recognition certificate may be refused or, if issued, may be cancelled or suspended:

- i. If the nursery does not conform/fail to perform as per requirements of this scheme
- ii. If there are adverse reports from the farmers/users or any other complaints made to NHB by any other entity and upon enquiry duly conducted it is established that the Nursery has breached any of the conditions of recognition,
- iii. On expiry of the recognition date specified in the Recognition Certificate the recognition ceases to be valid unless renewed.

13.0 APPEAL AGAINST REFUSAL / CANCELLATION OF RECOGNITION

- 13.1 Appeal against refusal/cancellation of recognition shall reach to the Managing Director, NHB within 30 days from the receipt of such order.
- 13.2 In case of cancellation of recognition, the appeal shall accompany the original certificate.
- 13.3 MD, NHB will consider the application on merit and, in case, found necessary, order re-assessment of the nursery.

14.0 DISCLAIMER

NHB shall host list of recognised nurseries in its website www.nhb.gov.in and promote use of its planting material through schemes implemented by it.

Note:

In case of information about source of mother plants is not available, their performance in respect of yield and quality of fruit before being used as mother plant may be given:

Note: Important points to be taken into consideration during the assessment of Nursery.

1. The assessment of performance of nurseries has to be made on the basis of disease free healthy planting materials produced in the nurseries and not on the basis of an area. Therefore, it is made clear that there is no restriction about area under nursery for assessment & star rating.
2. All the recognized fruit nurseries should have crop based progeny block/mother blocks/ bud wood bank of recommended varieties of fruit crop planted at close spacing. Separate space should be provided for establishing mother blocks with desirable characteristics of varieties within the premises of the nursery. These plants should be severely pruned to keep them in vegetative phase and to produce enough shoots/buds of propagation.
3. There should be a separate blocks for root-stocks.

4. For production of quality planting materials, it should contain only desired varieties/ acquisition of improved planting material to upgrade production potential of the variety, optimum size & uniformity and disease free planting materials.

5. Methods of latest techniques of vegetative propagation of fruit plants should be as under:-

- | | |
|--|---------------|
| (i) Grafting except inarching. | (iv) Cutting. |
| (ii) Budding. | (v) Suckers. |
| (iii) Air layering, trench layering,
mound layering and stooling. | (vi) Runners. |

6. Labelling of planting materials along with name of nursery/location should have following informations:-

- | | |
|-------------------------------------|--|
| (i) Crop and variety. | (v) Source of scion or bud wood. |
| (ii) Date and age of grafted plant. | (vi) Treatment, if any and date
of treatment. |
| (iii) Method of propagation. | (vii) Freedom from disease and pests |
| (iv) Root-stock. | |

7. Qualifying marks under the component **Mother Blocks** should be minimum **15 marks** for consideration of any grade/star rating.

8. Criteria for **Star Grading/Rating** will be as under # :

Upto 40 marks obtained	0	No Star	Not eligible for Accreditation

Do hereby solemnly affirm and declare as under:

2. That I/we (Name of owner) have a horticulture nursery of fruit crops i.e.
at Sy. No. Village Tehsil.....
District State (Location of the nursery).
3. That the terms & conditions of the scheme of NHB under which an application had made by me/us for Recognition of fruit Nursery have been fully complied by me.
4. That the Certificate of accreditation and rating is issued by the Board based on the evaluation report of Expert Committee made during their visit to the candidate nursery on and information furnished by candidate nursery.
5. That the Certificate is valid for a period of Two (2) years from date of issue unless revoked earlier.
6. That the nursery owner will maintain all the parameters on the basis of which the certificate is issued till its validity and would not allow any of the parameter to become inferior.
7. That the Certificate relates to evaluation made as per specified criteria relating to locations and infrastructure at Nursery, production system, operation procedure, trading practices, record keeping etc. and would not be in any way, be considered as quality certification of planting materials supplied by the Nursery.

8. That the nursery owner undertakes to keep record of production and sales of planting material in prescribed manner and display the same at prominent place by means of notice Board etc.
9. That the nursery owner undertakes to return the certificate of accreditation on expiry of its validity or no revocation there of as the case may be.
10. That the candidate nursery shall report to NHB, if any change in location of nursery, its business pattern or any deviation from conditions based on which the certificate is being issued.
